

DIY I Love You to Pieces Picture Frame

This "I love you to pieces" picture frame is such a cute and EASY craft that makes a great homemade gift for Father's Day and Mother's Day!

Active Time	Total Time
20 mins	20 mins

Yield: 1 Father's Day picture frame Author: Debbie Chapman Cost: \$5

Materials

- Wooden picture frame (4 x 6, or size of choice)
- Letter beads
- Dollar store puzzle
- Tacky glue

Instructions

Step 1: Find what you need

1. Gather your supplies and materials.

**Step 2: Arrange and glue on the beads**

1. Arrange the letter beads on the frame to spell out "I love you to pieces Dad".

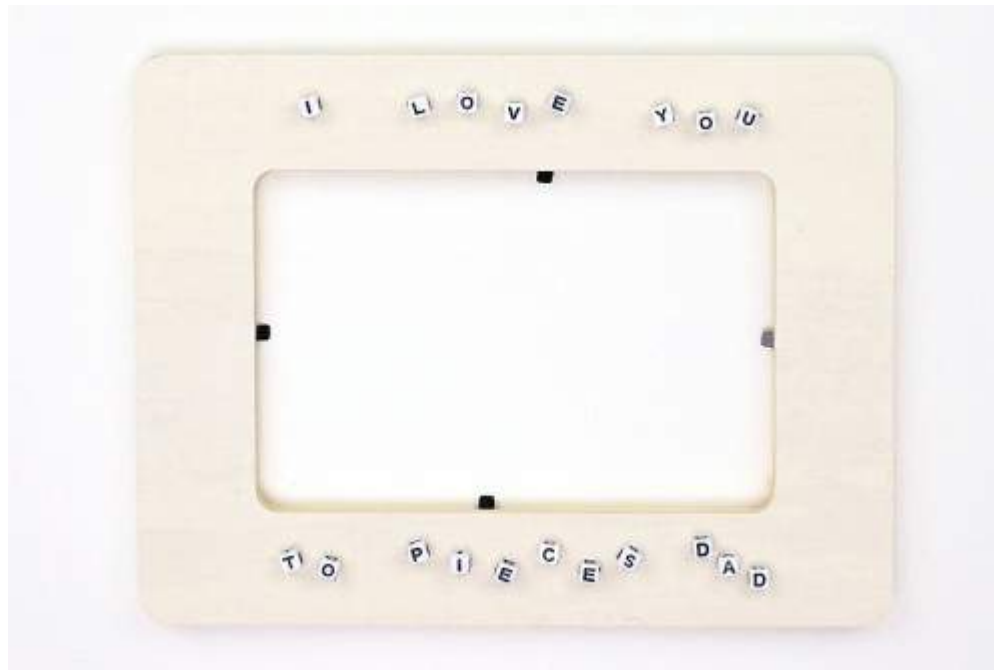

We recommend doing this before you glue the letters on to make sure everything fits and is spaced properly.

2. Add a dot of tacky glue to the letter beads and press them into position on the frame.

3. Continue gluing on the beads until all of your letters have been added.

Step 3: Glue on the puzzle pieces

1. Add a thin layer of tacky glue to the back of the puzzle pieces.

2. Press the puzzle piece onto the picture frame. You can start in the corner and slightly overlap each puzzle piece. Or you can space them out more. It's up to you!

3. Continue adding puzzle pieces - overlapping them slightly as you go - until you reach the bottom of the frame.

Try to use different shapes beside each other and add the pieces at different angles.

4. Continue the same pattern on the other side of the frame, or experiment with different colour blocks!

Allow the glue to dry (about 30 minutes).

5. Add a picture, and your I love you to pieces picture frame is complete!
