

Dangerous Things

Enviro-Waste Short Video Concept

Draft I

INT. FACILITY MANAGER'S OFFICE

An EXECUTIVE ASSISTANT stands in the office doorway, speaking to the FACILITIES MANAGER.

EXECUTIVE ASSISTANT
Do you want to go ahead and schedule
that waste management consultation
with Enviro-Waste?

The Facilities Manager looks at her with a thoughtful expression.

EXT. TRASH YARD - DAY

The Facilities Manager stands on screen looking at a pair of SAFETY OBLIVIOUS EMPLOYEES jumping up and down in a dumpster stacked dangerously high with rubbish.

SAFETY OBLIVIOUS EMPLOYEE #1
We're compressing, boss!

SAFETY OBLIVIOUS EMPLOYEE #2
That's gonna save us a mint on
collection fees!

INT. PHYSICAL PLANT

The Facilities Manager watches a Safety Oblivious Employee jam the door of a steel filing cabinet into a compactor, causing shards of metal to fly everywhere; the rest of the cabinet is behind her.

SAFETY OBLIVIOUS EMPLOYEE #1
Look how small it's getting!

INT. KITCHEN

The Facilities Manager watches another Safety Oblivious Employee carefully stack a greasy sack of rubbish atop an already overflowing rubbish bin.

The Safety Oblivious Employee turns to say something, but the Facilities Manager shakes his head and turns off screen. The Employee shouts after him.

SAFETY OBLIVIOUS EMPLOYEE #2
But fewer containers mean lower fees!

INT. FACILITY MANAGER'S OFFICE

Talking over each other:

EXECUTIVE
ASSISTANT
That was a silly question.

FACILITIES MANAGER
As soon as possible, please.

The recurring ENVIRO-WASTE SPOKESWOMAN steps in front of the camera.

ENVIRO-WASTE SPOKESWOMAN
There's a better way to cut
collection costs. Let Enviro-Waste
put wasted waste-collection money
back in your pocket, today.

Cut to the Enviro-Waste logo and call to action.
