

ROSE CULTIVATION IN A SHADY GARDEN

by Pamela Myczek

Some prospects for success with less than 6 hours of sun each day:

1. Most Hybrid Musk Roses, e.g., Bubble Bath, Buff Beauty, Erfurt, Penelope, Sally Holmes
2. Most Groundcover Roses, e.g. Sea Foam; Poulsen roses such as Cape Code and Newport
3. Selected "Species" Roses (mostly once-blooming) e.g., R. banksia lutea, R bracteata
4. "Single" Roses (5 to 12 petals), e.g., Lyda Rose, Dapple Dawn, Miss Ada, Playboy
5. Pale color roses such as Class Act, Flower Girl, French Lace, Iceberg, Lady of the Dawn
6. Hybrid Tea Roses - "vigorous" or "prolific" such as Bride's Dream, Elina, and Savoy Hotel
7. Selected miniature roses such as Baby Grand, Gourmet Popcorn, Jeanne Lajoie, Popcorn
8. Selected Hybrid China roses such as Fellenberg, Mutabilis, Mateo's Silk Butterflies
9. Selected Climbing Tea roses such as Sombreuil
10. Many David Austin ("English") roses such as, Charles Rennie Macintosh, Dapple Dawn, Evelyn
