Based on the books *The Reincarnation of Edgar Cayce?*, *Questions and Answers with the Council of Elohim*, *The Ra Material*, and the research and personal experiences of principal author Wynn Free

Many are speculating as to what's really happening on planet earth in present time. There are those who believe we are in the end times and the world is coming to an end. Then there are those who are predicting that mankind is on the precipice of some kind of golden age. We have the Mayan Calendar end date of December 2012, the prophecies of Jesus, and the all the observable changes in natural disasters, weather and the economy.

If we are going to present a new look at this period with information that an intelligent human cannot directly validate, then the first step is to explain where this information came from and why it might be the most accurate understanding of this time which we are calling a dimensional shift.

Many of you who are reading this have become interested in this work because of the possibility that Edgar Cayce has reincarnated. I am the principal author of the metaphysical, best selling book that makes the case for most readers that Cayce is back, the same source that spoke through

Cayce is back, and an unprecedented explanation is being given for this current period mankind is going through. When I was first exposed to this, my own conscious mind had trouble assimilating it. It's so far out; it can sound like science fiction, even when there is compelling evidence is before your eyes. As you read this first introduction, I'm focusing on all the very evidence that unfolded before me, that finally convinced me that this was real. One of the biggest revelations I had was that in spite of all the circumstances that can make us feel like victims, we're not. I've learned that each of us is a co-creator with the universe, but very few of us take that responsibility. I've taken the liberty in this "Primer" to share not only an overview of *The Reincarnation of Edgar Cayce?*, but also other sources who I've been directly exposed to which corroborate the understandings brought forth in the book. As you will learn, I am a fairly skeptical and scrutinizing person and I would expect, and even hope, that those of you who are being exposed to these new understandings of how the greater universe works in this document, might also be skeptical and scrutinizing. I don't want you to believe it without applying a lot of your own discernment and soul searching. I went to great efforts to include herein what you need to hear to consider that this might be real.

If it is real, then this understanding is going to help you prepare for a future that will hold possibilities, which are beyond your wildest imagination and different from anything in the recorded history of mankind. Edgar Cayce himself gave a foreshadowing of this dimensional shift in his own readings:

Cayce Reading Excerpt - "In this present age we are entering a period of change, a period of trial, of enlightenment, as the time draws near for the folding up, the completion of a cycle that with the grace of God will bring peace and joy in Him to many through a new understanding and greater magnification of His will."

What did Cayce's Source mean by "In this present age.....a completion of a cycle....a folding up". This is the real topic of this primer. You can decide your own resonance as you familiarize yourself with the research I've done and the experiences I've directly had while writing *The Reincarnation of Edgar Cayce?*. At the end, I've put together some packages of books and audios, which will help you integrate it all. And even if you choose not to purchase anything, I will give you the opportunity to participate, at no charge, in a program called "Message a Day" where you can receive daily excerpts of some of the messages from what I believe to be the most positive intelligences from other dimensions, sharing their wisdoms. I've watched so

many readers have total life transformations as a result of their exposure to this material. As you scroll down, you'll find some testimonials of readers and reviewers in text boxes inserted throughout.

We obviously live in a world going topsy-turvy. What does the future hold in store? Sleeping prophet Edgar Cayce was the most accurate and documented psychic/prophet in history. After his death in 1945, 500 books were written about him and his transcribed 14,000 readings. He had a major influence on the alternative health movement, new age, and modern spirituality. If a convincing case can be made that Cayce has reincarnated, there could be a great blessing for those of us on Earth trying to understand the strange period mankind is going through and its spiritual significance.

Cayce would be questioned while in a trance and demonstrated virtual omniscience, never remembering a word he said. He was able to diagnose illnesses with medical precision. He was able to recommend alternative cures unknown at the time. He could tell people who they were in their past lives and he could prophesize many future events yet to pass.

I am sure many of you who are reading this could not imagine how a case of reincarnation could actually be proven. I had to study this case for over a year before I could overcome my own doubt and commit to writing the book. I then spent 3 years carefully constructing *The Reincarnation of Edgar Cayce?*. I knew it had to be extremely precise, scholarly and footnoted if it would do the job of convincing and be taken seriously. Judging from the responses, I succeeded. Some Unity and Religious Science ministers and even some official Edgar Cayce study groups have endorsed the book. You can read some of those responses later. The book is being distributed by Random House and has become a best seller in the metaphysical market almost from the day of its release.

Most readers believe the case is made that Wilcock is the return of Cayce and that Wilcock's Source is the same Source who spoke through Cayce. If that Source is trustworthy and is now explaining the real significance of the Mayan calendar end date and the prophecies of Jesus, this book will present a view of this period which can change the rest of your life as it has already done for many readers as indicated from the numerous testimonials I've received.

Excerpt Newspaper Review: *Favorite Book Read in the Last 5 Years:* "I think it would have to be *The Alchemist* by Paulo Coelho, but I was also taken by a sleeper, *The Reincarnation of Edgar Cayce?* by Wynn Free and David Wilcock" - D.D. Delaney, journalist, Portfolio Weekly, Hampton, Va.

Excerpt Review – “Not only has the book clearly answered questions such as why we are here, and what we are to do while we are here; it has also quenched and fulfilled an age old thirst and unfathomable hunger that has been with me since I can first remember, asking my mother at four years of age “If God made us, who made God?” – Dr. Maryel Mckinley, syndicated book reviewer and host of KABC backtalk.

Most of us go through our day-to-day lives preoccupied with the routines and familiar relationships, which we’ve carefully crafted at some earlier time. This planet we occupy is sometimes referred to as a “prison planet”. There is a veil, which blocks our view from a direct awareness of the greater universe. There certainly is good reason to doubt that there is any such thing as a greater universe since we can’t see, touch or feel it.

From a religious point of view, we’re asked to believe in God on faith. For many, who follow this path, God can easily become a construct of a mental belief, without any real validation. This religious view of God can easily turn into feelings of superiority and condescension towards those of a different persuasion even though those who were the very founders of most religions would teach the brotherhood of all.

Alternatively, we can follow the path of the agnostic. If there’s no proof, then one should remain neutral about the whole subject until one finds a reason to have certainty. The materials we are offering can bring you to that point without having to believe something blindly.

Within the context of these materials, you are going to learn a few things about this vast cosmic puzzle that we are all a part of that will, very likely, knock your “earthbound” socks off. There are aspects of this story that will fly in the face of any belief pattern that you hold onto. And for many of you, it will be an awakening, understanding and connection to a greater understanding of the Universe and those positive benevolent Sources in other realms that you’ve been waiting for many lifetimes to embrace.

If you’ve ever read some of stories of past historical spiritual figures that changed the world and wished you were there to witness it with your own eyes, you can have your wish come true. It’s happening right now. My job is to point you in the right direction and your job, if you go along, is to look, to make sure it’s real, to make sure I have no agenda and there’s no trickery and see how it validates for you. All I ask is that you investigate with an open mind.

Here's some of the things you'll find in the context of our material:

- *A young man with statistical ties to sleeping prophet Edgar Cayce with odds of multi millions to one (we'll share some of the case later).
- *A voice speaking through this young man that we have every reason to believe is the same voice that spoke through Edgar Cayce.
- *A voice with incredible wisdom and depth of understanding of the human condition.
- *An explanation of how things work on the other side of the veil, never presented in a public book before in recorded history.
- *An introduction to whom the voice is that is speaking through David Wilcock and by inference, Edgar Cayce.
- *An explanation of the cosmic significance of this period of time we are in that "they" term a dimensional shift.
- *A current update on Cayce's "earth changes" prophecy.
- *The story of what happened to me while I was writing the book that convinced me that my information was on the right track.
- *The guidance and potential vibrational connection with those positive Sources in higher realms who can assist us through this dimensional shift.

Testimonial - "It is the most informative and enlightening book I've read so far on human evolution and planetary changes." – Sabina Heitzenberg, Vancouver

In our culture, for most of us, the desire to understand something with the mind is very predominant. Your mind is the first filter of discernment, so it's important to have this all make some kind of sense to your mind, since it's so far out of the normal consensus reality. You can also apply your intuition as you review this as well. Let's start and look at some of the ties connecting David Wilcock and Edgar Cayce.

The Wilcock/Cayce connection

Before I begin, let me share that David Wilcock had no desire to be known as the reincarnation of Edgar Cayce. He was extremely reluctant to have this book written about him. He was justifiably concerned over the responsibility of publicly “outing” himself as the reincarnation of perhaps the most well known name in spirituality and metaphysics. He only acquiesced to allow the book to be written after my convincing him that it would be a great service and allow many to have exposure to this profound information and inspiration coming through him.

The unfoldment of Wilcock’s connection to Cayce started in 1996 when he graduated from college in New Paltz, New York and made a study of metaphysical, UFO, and spiritual topics. He read a book on dreams and prepared to write his dreams down on a pad by his bed. When he woke in the morning, he found sentence fragment messages with wise words of guidance.

At first he thought he was making it up from his own consciousness, but a week later, his “dream voice” made a very specific prediction of something that would happen for him and the day it would happen. It happened exactly as predicted and David now knew he was touch with something outside of his own consciousness. For the next year he perfected his ability to capture these messages and eventually was able to write complete paragraphs and pages as delivered to him by his dream voice. There was much more wise guidance and many future predictions.

After a year his “dream voice” suggests he move to Virginia Beach, which is the location of the Edgar Cayce society called the A.R.E. He moves there, and strangers began staring at him on the street. It turns out that he was the spitting image of a young Edgar Cayce.

He asks his dream voice why he looked like Cayce although he was already getting the idea. They told him that he was Cayce in his previous life and if he studied Cayce, he would see all the parallels. But if he was going to do his highest service this lifetime, he would not be doing health and past life readings but rather be a public figure, explaining the dimensional shift to the masses.

David began a serious study of Cayce and found that not only did he closely resemble Cayce, but his father closely resembled Cayce's father and his friend closely resembled Cayce's wife.

Apparently, when we pass, our soul memorizes our DNA and when we take on a new body, the DNA from the past life, programs the new fetus and most of us will tend to resemble who we were in the past. According to Edgar Cayce's readings we also tend to meet the same people from one life to the next.

The statistical probabilities of having 3 people so closely resemble each would be virtually impossible by random chance. But there's much more.

As David studied Cayce, he learned that Cayce, in his own readings, predicted he would “return in 1998, live in Virginia Beach, and may be a liberator of the world”. David was asked by his dream voice to move to Virginia Beach and he arrived in November of 1997. His dream voice prompted Wilcock to fulfill the prophecy.

One other significant and highly improbable connection involves a comparison of Wilcock and Cayce’s astrological configurations. In both their charts, the personal planets are in the same signs. There are five personal planets – Sun, Moon, Mercury, Venus and Mars – and the improbability of both having the same signs is 250,000 to one.

There are many more correlations documented in the book, but just on what we have listed above, there are billions to one odds linking Wilcock to Cayce whether you believe in reincarnation or not.

Review Excerpt - During my lifetime, having read numerous books on Edgar Cayce, The Reincarnation of Edgar Cayce? is by far the #1 premier book, that’s been written about Cayce whether it’s about his reincarnation or the original. As far as the scrutiny of this PHD reviewer, the case put together by author Free, tying Wilcock to Cayce is bulletproof.

The Reincarnation of Edgar Cayce is not only the best book in the Cayce genre, but I would put it in the running as the most important book to be written thus far in the 21st century – period. This groundbreaking work will not only be a classic of classics, it has within it the keys to individual transformation as well as global transformation over the next several years, as it has already transformed my own life.

As a syndicated book reviewer, it can be inferred that I am not a novice to new thought metaphysical books, authors, and thinking, having written numerous reviews on many of the most recognized and influential books in the marketplace, I am absolutely stunned to have discovered a book with a view of reality so huge that it could only have originated from the same source that spoke through Cayce – a book that credibly provides the missing pieces to the puzzle of what’s really happening on planet earth in our current period. - Dr. Maryel Mckinley PhD CADCI Radio Show Host of "Back-Talk" KABC 590 AM/ Syndicated Book Reviewer

Who is the voice speaking through Wilcock and a brief discourse on soul level evolution?

According to most theories on reincarnation, including Cayce’s, we go through many lifetimes, for some, perhaps thousands. Each time we come into a body, we have no memory of anything prior, although we carry forward the attributes of our previous lives; similar talents, similar

characters, and similar hang ups. Most of us have unbalanced actions in past lives, referred to as karma, that we get another chance to work out in our present life.

Eventually, we can graduate from this realm in what the Buddhists call “getting off the wheel of reincarnation”. When we graduate, there are many possibilities of where to continue and one of those possibilities is to join our soul energies with a huge group soul, in another dimension, that acts as a helper and guide for planetary populations at lower levels of evolution (like ours). The voice, which speaks through Wilcock has identified themselves as that very same group soul and they are going by the name The Ra Group. It’s actually a conglomerate group forming the words coming through Wilcock’s mouth when he channels.

Since the Ra Group is made up of graduates of this realm, they have a huge amount of wisdom as to how this realm works and how to graduate. They are not just graduates of earth but of other planets as well. They were able to come up with so many previously undiscovered remedies through Cayce because they have the collective memory of millions of years of civilizations to draw on. Throughout the history of mankind, it is highly indicated that they are one of the sources that were in communication with the prophets of old, the Mayans, the Hopis, and those who founded various religious and spiritual movements. Often times they were identified as God.

It is also indicated that there are millions of the Ra Group who volunteered to come back to Earth and incarnate in this period to assist with this unusual period we are in which they term a dimensional-shift. They returned to be of service, knowing that once they were in a body, they would forget why they came and the likelihood was that they would get caught up in Earthbound karmic patterns. Many of you reading this who have feelings of alienation, not knowing what to do with your life, or lacking sense of purpose could very well be members of the Ra Group. If you feel a sense of resonance and identification, that’s a signal that we’ve hit the nail on the head.

I told you earlier that this is information that has never been brought forth to the public before (at least in recent times), with one exception – Carla Rueckert.

Who is Carla Rueckert and how is she connected with the Ra Group?

In the late 70's a young woman in Louisville Kentucky was working with Don Elkins, university PHD professor, doing experiments on channeling. Don would work with a group and they would bring through voices of discarnate entities, and others.

At one point in a session, Elkins asked a question to Carla when she was channeling and she immediately dropped into a deep trance and a voice speaking through her announced itself with these words:

I am Ra. I have not spoken through this instrument before. We had to wait until she was precisely tuned, as we send a narrow-band vibration. We greet you in the light and love of our Infinite Creator. We have been called to your group because you have a need for a more advanced approach to what you call, seeking the truth. We hope to offer you a somewhat different slant upon the information which is always and ever the same. (B1, 65)

We are those who are of the Law of One, of Unity. In our vibration the polarities are harmonized; the paradoxes have a solution. We are one. We have walked your planet and seen the faces of your peoples.

We now feel a great responsibility of helping remove certain distortions that have been given to the law of One. (B1, 65)

We, as social memory complex or group soul, made contact with a race on your planet which you call Egyptians. We spoke to one who heard and understood, and was in a position to decree the law of One. However the priests and the peoples of that era quickly distorted our message, robbing it of the compassion with which unity is informed. (B1, 66)

We still seek to become all that there is, and still we are Ra. Thus our paths go forward. (B1, 78)

QUESTION: When I am communicating with you as Ra, are you at times

individualized as an entity or am I speaking to an entire social memory complex? [social memory complex are the words they used to describe "group soul"]

RA: You speak with Ra. There is no separation. You would call it a social memory complex thus indicating many-ness. To our understanding, you are speaking to an individualized portion of consciousness (B1, 162)

[NOTE: In other words, Ra represents an entire planet worth of beings who have all fused into one unified consciousness. Each density in the Octave moves closer and closer to the fully unified One Mind of the Creation, the structures and abilities of mind becoming increasingly difficult for the human entity to fathom.]

For the next 4 years Elkins plied questions to this Ra voice coming through Carla and each question was answered with extreme intelligence, and complete coherence in cosmology over the 4 year period, with an understanding of how the universe worked that was far beyond the ken of any human. These 4 years of dialogues were converted into 5 books called The Ra Material and many have recognized them as one of the most amazing examples of channeled material on the planet.

Review (Amazon) -This will ROCK YOUR SOCKS OFF!, February 16, 2005 -- A reader's review on the Ra Material, Book One

By [all love based paths lead to God "loveisthekey"](#) (Planet Earth) - [See all my reviews](#)

There is a lot of channeled material out there, some good and some not so good. I think it is important to use discernment when reading channeled material, just as it is important to use discernment when reading anything, or when listening to a preacher talk.

Ultimately, the truth is inside of us, but we don't know it. So it helps to have it confirmed by `outside' sources. Sometimes we come across something that has that ring of truth in it, and we know it is appropriate for us in this point of time in our lives. Not necessarily appropriate for everyone at all times, or even for ourselves at all times, but appropriate in the now, for where we are at right now.

Thus, I have encountered many books and other sources of info that have all had varying degrees of what I consider `truth', but no one of them being THE TRUTH. (I have long ago dismissed the bible as THE truth, but consider it to have SOME truth in it, while most of it has been distorted.)

Continued: A reader's review of The Ra Material, Book One

The Law of One books are the closest I have found to being THE truth. Many of the channeled works out there are cheesy, or they come across too 'authoritative' ie '...in such-and-such year this WILL happen...', '...that IS the way it IS...', etc.

Ra, on the other hand, does not claim to be an authority. Rather, this entity repeatedly tells us to please use discernment and accept only that which resonates as truth within ourselves. Then proceeds to give info that totally rocks your socks off!

This stuff is deep, very deep. I have never read anything else, channeled or not, that even comes close to such high caliber! It is just completely obvious to me that the info really is coming from a higher being, cuz no way anyone could have made all this up!

OK, maybe someone could have. But this info came thru a woman in a trance, and she did not even know what she was saying until she woke up. Even very specific details are consistent throughout the text, over the course of several years of channeling.

AND, the material describes a cosmology that was ahead of its time. Certain aspects of quantum physics, for example, described in the books had not yet been discovered. So no, no one could have made this up!

When you read the material, you get a very strong sense of HIGHER KNOWLEDGE. It's just really obvious that this is NOT coming from a human source, the way most other channeled material seems to be. I had a lot of 'Aha' moments while reading it...in fact, pretty much every sentence!

But, my purpose is NOT to try to convince you. B4 the skeptics start, let me say that I am NOT trying to prove that this channeled work is authentic - if you are searching for absolute proof, then clearly this book (or any channeled work) is not for you. Better to stay in an organized religion and do as they tell you.

However, if you are a serious seeker who is not afraid to think for yourself, then I highly recommend you give these books a try. Prepare to have your mind opened!

If you're still with me, then maybe you'd like to know what the books are about. OK, for starters: the nature of life, the universe, how the pyramids were built, who the aliens are, the chakras, other dimensions, the important elements of a spiritual path, the nature of sexuality, etc. and lots of other interesting topics. But that is not what makes these books stand out - other books have tried to address these topics as well.

What makes the Law of One stand out is the explanation of 'Good' vs 'Evil'. If you find the idea of a 'good God' being in a constant war with the 'evil Satan' oversimplistic, or if you believe that God is all-powerful and beyond good and evil, or if you have a hard time believing that God will 'lose' most of the world's population to the 'devil', and you are searching for a more intelligent explanation of why there is evil in the world, then these books might be for you.

Or, if you are tired of all the 'doom and gloom' prophecies and would like to rekindle hope, then these books might be for you.

Be forewarned: these books are NOT light and fluffy. And whatever you believe, they will challenge you. But they will also inspire you, and give comfort.

David Wilcock believes that this Ra source that spoke through Rueckert is the same as is communicating with him. In the quote above from The Ra Material, they mention that they “spoke to one who heard and understood, and was in a position to decree the law of One” in ancient Egypt, 10,500 BC. According to the Edgar Cayce readings, Cayce had a past life in Egypt in that same period as a high priest Ra-Ta. The discovery of this correlation between the Rueckert readings, the Cayce readings and Wilcock set off a huge aha experience in me. It was as if the Ra Group had left a series of footprints over a ten thousand year period which I had discovered and it gave me indication that I was making no mistake. IT WAS REAL!

I extensively studied and compared the Rueckert Ra readings, the Cayce readings and, of course, the Wilcock readings as I was researching and writing the book and all three sources give similar indications to the planetary process we are in the midst of. I would postulate that it was the Ra Group who was speaking to the Mayans and were responsible for the 2012 end date for their calendar. Here’s some excerpts from the Rueckert/Ra material relating to this dimensional shift.

RA: This sphere... has not made an easy transition to the vibrations which beckon. Therefore, it will be fetched with some inconvenience... This inconvenience, or disharmonious vibratory complex, [i.e. the disharmony of the peoples creating Earth Changes] has begun several of your years in your past. It shall continue unabated for a period of approximately thirty of your years.

QUESTION: In 30 years this will be a 4th density planet. Is this correct? (1981 + 30 = 2011)

RA: This is so. (B1, 93) [This session was held in Jan. 1981.]

QUESTION: Our planetary population has only a certain amount of time to progress. This time is divided into three 25,000-year cycles.

At the end of 75,000 years the planet progresses itself. Why is this so precise?

RA: The living flow creates a rhythm which is as inevitable as one of your timepieces. Intelligent energy offers a type of clock. The gateway from intelligent energy to intelligent infinity opens regardless of circumstance on the striking of the hour. (B1, 105)

III. EARTH ITSELF IS MOVING INTO A HIGHER VIBRATIONAL PATTERN

RA: The 4th density is a vibrational spectrum. Your time/space continuum has spiraled your solar system into this vibration. This will cause the

planet itself to electromagnetically realign its vortices of reception of the in-streaming of cosmic forces expressing themselves as vibrational webs so that the Earth will be 4th density magnetized. This is going to occur with some inconvenience due to the energy of the thought-forms of your peoples which disturb the orderly constructs of energy patterns within your Earth's spirals of energy which increases entropy and unusable heat. This will cause your planet to have some ruptures in its outer garment while making it appropriately magnetized for 4th density. Those who remain in 4th density on Earth will be of positive orientation. (B1, 160)

QUESTION: Is there a clock-like face, shall I say, associated with the entire galaxy so that as it revolves it carries all of those stars and planetary systems through transitions from density to density?

Is that how it works? (B3, 95)

RA: You are perceptive. You may imagine a 3-dimensional clock face superimposed on space or a spiral of endlessness which is planned by the Logos for this purpose. (B3, 95)

IV. HOW LONG ARE THESE CYCLES?

RA: One major cycle is approximately 25,000 of your years. (B1, 92)

[Note: The easiest physical method of measuring this cycle is through a natural wobble in the Earth's axis known as precession, which takes about 25,920 years to complete. This wobble appears to be ultimately controlled by the Solar System's passage through changing energetic density / stress areas.]

RA: There are 3 cycles of this nature. Those who have progressed sufficiently may be harvested at the end of any of these 3 major cycles.

After this is completed (75,000 years) all are harvested regardless of their progress, for during that time the planet itself has moved through the useful part of that dimension and begins to cease being useful for the lower levels of vibration within that density. (B1, 93)

V. THE 20-DEGREE SHIFT OF THE PLANETARY AXIS AT CYCLE COMPLETION

QUESTION: When the planetary axis realigns, will it realign 20 degrees east of north to conform to the green vibration? (B3, 63)

RA: There is every indication that this will occur. We cannot speak of certainties. (B3, 64) (No other clarification is given about this at this point.)

I should note that Books One and Two of the Carla Rueckert, Ra Material are included in our special package in PDF downloadable versions. I met Carla in 2003 when I was researching my book and we

have since become friends and she gave me permission to include her books in this package.

Review - “The true mastery of *“The Reincarnation of Edgar Cayce: Interdimensional Communication and Global Transformation”* lies in the skill with which author Wynn Free weaves the disparate threads of Cayce's readings and life, David Wilcock's biography and channelings (including the revelation, from Ra himself, that he is Cayce reborn), and Rueckert's Law of One material into a single, tight braid that convincingly intertwines to reveal behind the many faces a single voice, the voice of Ra, calling Humanity to awaken.” – Chris Tannalund

What exactly is a dimensional shift?

Now we're coming to the most important part of this short primer and the reason why this material can be so important to you personally. Keep in mind that we are talking about something, which was explained by Wilcock's Ra, Rueckert's Ra and to a lesser extent Cayce's Source. I also cross referenced many additional lesser known channels and found exactly the same scenario described. I also had a very unusual personal experience that independently validated all the premises of this dimensional shift, which I'll explain later.

There's an energy that pervades our galaxy that radiates from the center of the galaxy and is the precursor to the physical realm. Spiritual people have had many names for this energy – prana, chi, orgone energy, holy spirit, and the term almost everyone identifies with – vibes. This energy, as it radiates out, is not equally dense. It has peaks and valleys. The two strongest peaks are separated by 75,000 years. The Mayan Calendar end date is exactly the peak of the cycle. For all practical purposes, we are in the peak right now.

Because of this peak in energy, many stable parameters of our physical solar system are in a state of transformation. Every planet has scientifically quantified changes going on, which never happened in the recorded history of our planet. When David Wilcock was asked to be a public figure and introduce the idea of a dimensional shift, he began researching all these changes as a way of getting the attention

of the logical minds of the public that unprecedented transformations are in process. Although legitimate scientific sources and even Universities document these changes, they are not being shared with the public at large. An entire chapter of *The Reincarnation of Edgar Cayce?* is dedicated to David's research on the scientifically observable changes in our solar system.

Mystic Pop Magazine Review – “Fascinating! This book offers many instances for the reader to totally accept David Wilcock as the true reincarnation of Edgar Cayce, the Sleeping Prophet, who died in 1945. As interesting as these instances are however that becomes secondary as one reads further. We discover David Wilcock is far from sleeping. He has a brilliant mind and presents credible scientific research, to back up his channeled information.”

Testimonial – “Wynn Free brings breathtaking new scientific research evidence from David which indicates how energy can transform DNA - - potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing, and our quantum leap into a whole new time of light and love not only possible, but probable.” – Brook Medicine Eagle, Native American Shamanic Healer and Author

At this time, it's caught the awareness of most of us that our own planet is experiencing unusual weather changes and an increase in natural disasters. But there's something else happening that's far more important than the physical changes. According to our Sources, Earth herself is a conscious being with a field of energy. Because of this increase of flow from the Galactic Center, the Earth is lifting it's vibration. If you're familiar with the idea of chakras, the Earth has been a third chakra planet for tens of thousands of years and is now graduating to a fourth chakra planet. The third chakra relates to power and individuality and the fourth chakra relates to compassion and empathy. So it's an entire paradigm shift and the learning experiences of this new upgraded earth will focus on heart-centered love.

But here's the caveat: In order to participate in this new earth, your own heart chakra must be open slightly more than half or your energy field won't fit. So there's going to be a division of souls, those who graduate with the new earth and those who have to repeat the cycle of third chakra lessons. The cycle repeaters will be moved (their soul

essence) to another planet in another star system, which is still in the third chakra evolutionary phase. Since those with open hearts won't be there, this is going to very likely be a difficult planet to be on.

You may notice a connection with the prophecies of Jesus, "one will be taken and one will be left behind" or the "meek will inherit the earth". There's another interesting tie in with Jesus. There are indications that Jesus was one of those of the Ra Group who volunteered to take a series of incarnations in this realm culminating in his Jesus life to prepare mankind for this shift and was in communication with the Ra Group.

You might ask the question, "how do souls get moved from one planet to another?" Apparently, this is one of the parts the Ra Group plays. They move the souls!! According to the Rueckert material, they have done this in the past. There were two planets in our solar system where the entire populations were wiped out and the Ra Group moved their souls to Earth to continue their evolutionary path. This is explained in great detail in Books One and Two of the Rueckert, Ra material, which are included in our package.

If all this is correct, each of us is making the decision right now as to where our future lifetimes will be, based on our abilities to keep our hearts open and stay out of fear.

I started my conference calls and message a day to give people ongoing support and assist them in their process. The reading material in our special package is loaded with the direct words of Ra via both Wilcock and Rueckert. Reading their words helps to connect you with their energy.

What happened in my life that convinced me that this model of evolution was credible?

Early on in this article, I mentioned that there were aspects of this story that sound like sci-fi? As I initially researched Wilcock, I had this little voice in my head keep saying "Can this be real? Am I

missing something? Am I making a mistake?” If you’ve followed along in this story thus far, I wouldn’t be surprised if you weren’t asking yourself the same thing. Is our planet in the midst of a huge transformation with two group souls administering this shift? Are our future lifetimes going to be determined by the extent our heart chakras are open? If I am right, you who are reading this are creating your future path right now. The key is staying in a loving consciousness and staying out of fear.

As I was initially researching the Wilcock material and the Rueckert material, I looked very diligently for a piece of evidence that would cast dispersion on my premises. There was none to be found!!

Then something happened in 2002 that was the feather that tipped the scale and convinced me that I had to be right in this new model of soul evolution that sounds like it could be the inspiration for the next episode of Star Wars. **“THEY” STARTED COMMUNICATING WITH ME!!!**

This is a huge story in of itself so I’m going to give just a very short outline of what transpired. I do have a new book, which you can download where you can read all the details.
(www.elohimqanda.com)

To review my state of mind when this occurred; I was deep into the write of *The Reincarnation of Edgar Cayce*? I had done a huge amount of research and realized I was writing something, which had the potential to shake the very roots of Judeo Christianity, New Age, and every philosophical, spiritual, and metaphysical tract I had ever been exposed to. (I had been on the quest of a spiritual seeker for 30 years and had read hundreds of books and attended hundreds of lectures and workshops). My logical mind kept thinking “Can this be real? I must be making some kind of mistake.”

It was April of 2002 and I was attending The Prophet’s Conference in Pacific Grove, California. I was there on a press pass to interview some of the speakers for the metaphysical magazine of which I was a staff writer.

As I walked in the room on Friday afternoon, I stopped to talk to two

friends from L.A.. I noticed from the corner of my eye, this beautiful woman staring at me. I went up to her and asked her if she knew me from somewhere. She answered that I reminded her of a writer that she had a crush on.

Thirty days later, we were living together at a Motel 6 in Arcadia California and I thought I had met the love of my life. Here's a picture of Daphne on the grounds of Motel 6.

About 6 weeks later, we were on a drive from L.A. to Portland. I was going to work for someone selling things at a booth at The Rose Festival. We were driving through a torrential rainstorm in Northern California. I did a prayer of protection for safe driving and at the end of the prayer; I asked "Does anybody want to talk to me?" I said it in a joking manner never in my wildest imagination expecting an answer. Daphne answered with, "We're here. Do you have any questions?" I was sure she was kidding but I asked some questions and the voice that answered sounded much more confident and authoritative than Daphne. After a few minutes, she spoke in her normal soft voice and said "That was the strangest thing that ever happened to me." I didn't know what to make of it and thought it was a one-time anomaly.

Three days later, Daphne and I were in Portland, Oregon at a hotel and I asked her if we could try it again. I asked the magic words "Does anybody want to talk to me and again there was an answer. Here's what she/they said:

Wynn: Is anyone here? Does anyone want to identify themselves?

Answer: Good evening. We bring forth to you knowledge of the higher intergalactic species of the lone star system Alcyon, this is to be our first recorded transmission to you and we are pleased to announce our engagement of technological meshing with your channel so that we may bring forth to you information of a needed higher caliber for transmission and integration at this particular frequency and station and knowing pertinent to the incoming questions. Have you questions this evening Mr. Wynn?

Wynn: Can you describe how you perceive our channel's consciousness when we ask for your presence?

Answer: This is a multi level diagrammatic question and our present channel is a very wide band receiver station calibrated for exceptional galactic clar-audience and clar-cognition which when tuned to the proper channel below the current threshold of consciousness shall make inroads into accessing very pertinent information at this time of transition.

I went on to ask more questions and each one was answered with the same intelligence and widely expansive vocabulary. I couldn't imagine that she could make this up, but the thought occurred to me that maybe she was schizophrenic and some part of her sub-conscious was forming these answers. I shared my doubt with this voice and I asked them if they could predict a newspaper headline in advance. They gave me a headline and said to watch for it in two weeks time. Two weeks later, there was the headline. Here's a picture of Daphne on this first trip to Portland.

I now knew I was dealing with something real, but I wasn't sure if it was positive. I had no obvious indication that it was not trustworthy, but in my study of the Wilcock and Rueckert materials I became aware that there were some trickster entities in other realms that would seem positive but had a negative agenda. I resolved to reserve

any judgment. For the next six months Daphne would interrupt whatever we were doing and announce “Those guys want to talk to you again”, and I would go into another question-and-answer session, tape recorder rolling.

I was having an amazing series of communications with a voice that identified itself as the Council of Elohim. I googled the word Elohim and found definitions like “the creator of this realm” and “the name for God in the Old Testament”. I asked them if they were the same and they said they were part of the Elohim. Apparently, the Elohim were also a group soul, except they had never taken bodies in this realm. They described themselves as pure energy outside of time and could move in and out of time like humans can jump in and out of a pool of water.

During this period, I got a call from my brother-in-law concerning my sister, who was about to go into the hospital for a critical cancer operation, which she wasn’t expected to survive. I asked the voice that was identifying itself as the Elohim if they could help. They said they would. Joanne survived the operation and at first I thought it had to be coincidence. But a few weeks later, she went in for tests to see if the cancer had returned. The nurse said there was no cancer but something was wrong with the test because they couldn’t measure her lupus, which never goes away. They tested her again and again and the lupus was gone. I knew there had to be some kind of intervention. Up to this point, my sister was not aware of my communications through Daphne, so there was no possibility of any kind of suggestion affecting the healing. I asked the Elohim how they did that and they said it was like “putting a filter in her blood flow and removing the lupus”. I now had a miracle on my hands and I began to get the idea that they might be who they said they were.

In my dialogues with them, I asked many questions about the premises of the book I was writing concerning the dimensional shift, the division of souls, ascension, and the Ra Group. I got exactly the same answers as were coming through Wilcock. Daphne did not know these answers. A chill went through me as I began to assimilate the personal responsibility of having such validation for such an important subject. Here’s an excerpt from one of these conversations regarding a query I asked about the dimensional shift:

Wynn: When someone on the third density first hears that there's going to be a change in density on this planetary system, and they wonder, what should they do to be able to participate in the higher choice that's available, what would be your suggestion?

Council of Elohim: Open the self to the dreams of that which may want to be made possible. Hold back not the self from the highest interior dream. Believe it is possible. And in such way accumulate energetic force to overcome lower density limitation. Lower density limitation are fed by energy as are higher density dreams are also fed by same light energy. The difference being one is conscious and the other being unconscious and subconscious thus being much harder to control. Remain in a continuous conscious holding pattern of that which you deem bearable as you would bear light, bearable as you would want to be born by another as in the I am presence of the light the bearer of the light, become that in your third density. This translates into what you would say in love, service and caring.

And here's their answer to a question on how a human can connect with higher realms of vibration and intelligence:

Wynn: Why is it on this level that people cannot connect with or experience often their connection with the divine source?

Council of Elohim: Because there are veils in place in this level and continue to be until you reach fifth and sixth density. You have chosen this as part of your evolutionary makeup. Part of the design

Wynn: if someone is living within their veils, what can they do to penetrate through their veils, what kind of exercise if they have decided this is something they would like to lift above?

Council of Elohim: First there must be intention, then there must be persistence, then there must be vision of that which could be beyond the veil. These combined provide the backdrop for further disillusion of the mental structures holding in a person.

Wynn: As part of the process when a person makes this intention, does your council monitor and notice this even though they haven't penetrated the veil directly?

Council of Elohim: the council notices and guides as much as is able those entities willing to perceive us on what you would term the other side.

Wynn: Many entities might be highly skeptical that such a Council could be actually paying attention to these things on such an individual level with so many

billions of people on this planet. Could you describe a little bit how that process works. How that noticing takes place?

Council of Elohim; We see you as energy systems as energy circuits. When there are particularly bright spots, we know to pay attention to these. The bright spots are indicative that a person in your density has tapped into the greater collective field and is thus accessing consciously the required information to further free themselves from the confines of the third density. In this manner we are able to pay attention to those among billions who are able to make the initial sojourn into the greater developmental entities awaiting higher galactic consciousness connection.

There's one more amazing circumstance to my personal story. In September of 2002, Daphne left. She was having overwhelming panic attacks. I spent a few weeks mourning the loss and then I asked my old girlfriend if she'd consider coming over. (Excuse me for sharing the details of my personal life but I don't know how to share this story authentically and not include this). She woke me up in the middle of the night and told me to get the tape recorder out. Yep, they started coming through her. At least they said they were the same Elohim and they never left me. What I was doing was really important and I could reach them through Terry. I couldn't believe it. I thought Terry was jealous and making it up. But after a couple of months of question-and-answer sessions, I was certain it was the same Source. I decided to ask them the kinds of questions you would want to know the answer to. At one point I asked them if they really liked being worshipped. Here's their answer:

“It is irksome to be worshipped because worship creates a division, I'm better; you're the one who's not as good. It creates a falsehood, a fallacy and it creates a break in the communication between the two. There's a father and a son and the neither is better than the other, One is wiser, one knows more. Worship tends to deaden the brain and to place one at a disadvantage. It tends to close down the channel of communication and say, you tell me everything. You tell me what to do. I will follow you. I will do what you say. This is not the kind of connection we are looking for. We are looking for the type of connection where there is a mutual respect and equality.”

Council of Elohim

There have been many confirmations and validations throughout the past 7 years, which have convinced me in the validity of what I'm

sharing. I'll share one of those validations now..... At one point, I asked in a channeling if Terry had been anyone famous in a past life. Normally they wouldn't answer this kind of question just to satisfy my curiosity. But in Terry's case, they gave an answer. Terry is very shy and also extremely conscientious. I saw how the answer they gave helped Terry to become more confident and self-assured. They told me to look up St. Catherine of Siena. I googled St. Catherine and learned she was a Catholic nun in Siena, Italy in 1300 AD. The other nuns would write down everything she said because they thought God was speaking through her. St. Catherine's Dialogues with God are recognized as a great work of Catholic literature and are still published currently.

We learned early on through the study of the Wilcock/Cayce connection that people tend to look like their previous lifetimes. Here's a comparison of Terry and St. Catherine. Again consider the odds of this being just coincidence. Virtually impossible!

This communication with the Council of Elohim has been ongoing now for 7 years. I have an ongoing series of conference calls where we actually **do live channelings** over an internet radio station every Monday at 6pm pst – www.bbsradio.com, station 2. Every week I put my credibility on the line and often submit questions submitted by listeners with absolutely no preparation. Sometimes I do live workshops. A number of people have had amazing transformations and even healings who have been paying attention to this work. People who attend my live events often report seeing a light energy in the room. Some say they never saw this before. When I asked about this phenomena in a channeling, they said they were beaming into the room to help. Below you can read a testimonial from someone who

attended one of these workshops.

Testimonial From a participant at a workshop in Los Angeles: I can honestly say I have never in my life felt that kind of energy, love, compassion, and wisdom, flowing so freely in one place before. It was beyond my wildest expectations. It has changed my life forever. If I would have read your material I would have thought, cool, that's pretty neat. However after experiencing and feeling the energy and the love, WOW!!! I have felt so different since that night. It is not going away either. I wish to extend a very heartfelt thanks to you and Daphne and Terry for humbly, lovingly, sharing the the light, love, and wisdom of the Ra Group and the Council of Elohim. I'm not the wisest man, or by any stretch the most qualified to say this, but it is no mystery to me why you folks were chosen to handle this work. May you continue to be guided by your obvious love and pure intent to continue to share the wonderful gift of reception and reflection you all were given. My God Wynn. Such an incredible responsibility you have taken on. And from my perspective you are handling it with love, and care, and respect, and humility. I say to you "Well done Sir, well done". Please continue to do what you are doing as it gives me incredible hope and strength as I go about trying to live my life in a manner that reflects the love, light and wisdom I felt that night...Doug, Racine Wisconsin

What value might you get from reading the material I offer?

As we said in the beginning of this booklet, if we are going to present a perspective on how things work in the greater universe with information that a human cannot directly validate, then we have to make a strong case of credibility as where that information comes from. Many times I've felt like a guy who was advocating that the Earth was round when everyone else thought it flat.

There is no way to scientifically validate a dimensional shift. But we can and do scientifically validate that our Solar System is going through transformations that never happened in the recorded history of mankind. We can and do validate the connections between David Wilcock and Edgar Cayce. The medical miracle that occurred for my sister is verifiable. The connection between Terry and St Catherine is astounding.

Does this mean that our description of the dimensional shift is correct? That is something only you can decide. This primer is a doorway into a whole new universe of possibilities. In this period we are in, so many feel stuck, afraid, and impotent in the looming shadow

of a world that's breaking down. All of us have spent many lifetimes being programmed into a state of contraction. If you are watching TV, listening to the news, reading newspapers, you are currently still being programmed.

We are offering a consistent flow of understanding and connection to Sources who are beyond this programming. There's a wealth of new information and perspectives capable of bringing a new level of awareness into your conscious mind.

But of far greater importance is the potential for you to make your own connection with these Sources. You can think of yourself as a radio receiver that's picking up signals all the time. In your day-to-day life, you are constantly receiving vibrations from everything and everyone around you. If you want to pick up signals from sources outside the physical realm, you first have to know that there are sources out there and be open to looking for their energies and frequencies. You also have to come to the conclusion that you can trust letting these energies into your space. You also need to learn how to discern between a positive source and a negative source. This can be challenging since you are dealing with energies that have no physical counterpart. Studying our material can help you tune your receiver to positive sources that are actually outside this realm, although, I would not ask you to come to the conclusion that our Sources are positive based on my say so. You would need to expose yourself to the written material, and make your own evaluation. Even reading their words can stimulate a connection if you're ready. The Ra Group says "As you study us, we study you."

If you should succeed in tuning into the positive energies of sources outside of the "veil", I have this postulate that when you leave this realm (i.e. die), the connection with those sources outside this realm will continue and if you choose, you may no longer be stuck in the "wheel of reincarnation". The reading material, the conference calls, and other offerings from us, all help give continuing reference points for tuning your inner radio to these high vibrational frequencies. Many people have reported the connection to these energies as they exposed themselves to our work.

The work I'm presenting will withstand the utmost of scrutiny. I present it all in as transparent manner as possible. There are no hidden agendas. Many of those who have taken the time to study the work in depth, have had huge epiphanies, transformations, miracles, and healings as you can notice by all the testimonials we've attached.

I have presented all this with no exaggeration in the circumstances of my life and David Wilcock's life stories, which are both very well documented. I have hundreds of audio files of my dialogues with the Elohim. David has become an in demand public speaker. Numerous

articles have been published about the Wilcock/Cayce connection.

We both have been interviewed by the media and lectured at expos. David's website has gotten millions of visitors and his youtube videos have gotten hundreds of thousands of hits.

I'm going to close this introductory primer now. I've walked you to the door. I've given you an overview. I painted the possibilities. Some of you reading this might be feeling a sense of hope and connection jumping off the page. If Cayce and his legacy have influenced you, you'll want to delve into *The Reincarnation of Edgar Cayce*? You'll want to read all the extra books and listen to the audios which are included in our package as listed below. There is a blending of hard scientific facts and spiritual wisdoms to bring credibility to our astounding conclusions concerning this dimensional shift.

Absorbing these materials can change your life path. If all our premises are correct about this dimensional shift, if we are in communication with those sources in other dimensions who are the administrators of this shift, if the keys and wisdom to releasing your own negative patterns and uncontracting yourself are in the pages of the books in our Dimensional Package, you owe it to yourself to read these materials and come to your own certainty. We've opened a door, but you have to walk through. It took me at least 3 years to integrate all this on a cellular level. This is most likely your first exposure to this new look on an unprecedented view of soul level evolution at a cosmic level. I hope you will delve deeper.

Testimonial, Unity Minister – “For those who recognize truth, this book resonates wisdom. If you allow yourself to stretch into the fascinating realities within, it may change your life forever”.-- Konrad Kaserer, Spiritual leader, Unity Church of Flagstaff

Review – “*The Reincarnation Of Edgar Cayce?* addresses for its readers the profound issues of soul evolution, death, and contributes thoughtful and thought-provoking answers to a discussion of Jesus Christ.” – Midwest Book Review

Review – “...if you endeavor to pick this book up you will find it hard to put down because although it reads like science fiction further on in the book we find that science backs up the obscure content believe it or not.” – The New Awareness

Testimonial. Author and spiritual healer – I am just stunned by your book.....I pray like mad that I can be of proper service to support this. - Sandra Ray, author, Loving Relationships and rebirthing practitioner.

Testimonial, Minister, Religious Science – “From the first sentence on, I was intrigued by the information that author, Wynn Free had included in this dynamic, leading edge treatise. Not only did he include well documented information to support his hypothesis of David Wilcock as the reincarnation of Edgar Cayce, he also included believable information about the ongoing evolution of human spirituality, as well.

I couldn't put the book down! The information resonated as Truth deep within my being as the explanation was given for the rather unique period in the history of humankind we are in. The book explains via both current science and the wise words of David Wilcock's source, the real reason why opening our hearts to unconditional love and compassion is so important in this current period and why it's so important to put our power struggles behind us, and strive for the understanding that "we're all in this together," which is a simple way of expressing the Principle of Oneness.

This important book validates the quest of Divine Emissaries throughout all of Planet Earth's spiritual traditions - that of uplifting humanity to a higher vibration that will guarantee "peace on earth, goodwill toward all planetary citizens."

I invite and encourage you to read *Reincarnation of Edgar Cayce?* and integrate the astounding information it contains into your own evolving spiritual path. The book may be the most important work in contemporary spirituality explaining how to maintain one's connections to divinity on a planet in transition.” – Reverend Beverly Craig – Senior Minister, Church of Religious Science, La Crescenta, California

Testimonial, University Professor – “*The Reincarnation of Edgar Cayce?* is a piece to the puzzle that you are looking to put together. The Book is an extremely lucid and well written case book on the spiritual truths of this planet. If you had any doubts about the direction of this world, the nature of our work, and your role in it all, they'll be gone by the time you are finished. Bravo!” – Dr. Michael Sharp, professor of sociology

A couple of years ago, I went into a bookstore in San Francisco with the intent of getting the owner to sell my book. He looked at the testimonials and turned me down. He thought I had made the testimonials up, that a virtually unknown author could not have such amazing testimonials. Many of the testimonials we shared were from people like yourself who thought that those were experiences other

people had but it couldn't happen for them. It did!

A few years ago, I was standing in the lobby of a hotel in Santa Monica where a "What the Bleep" Conference was being held. I had permission from the promoters to pitch the book as people were leaving a lecture. Here's an excerpt from an email I received from someone who I convinced to purchase a book.

Testimonial, MD, plastic surgeon - I was one of those "unforgettable" patrons at the What the Bleep conference in Santa Monica that you conned late Saturday night on the "bridge" into buying [The Reincarnation of Edgar Cayce?](#) Oh well, another \$20 isn't going to kill me and my beautiful ex-wife gave "cheap" the prompt he needed. "Just buy it!"

Boy, am I glad! Congratulations. This is a masterpiece. I can't put it down. The thing that I like best, of course, is that it confirms all of my beliefs and prejudices plus a veritable plethora of information of which I had no idea and that tests out in my little "Cor Crucible".

You have an amazing talent and perseverance and I am one of those deeply indebted to you for the diligence you clearly exerted in putting together this fascinating and superb volume.

I hope we can talk sometime soon.

My very best wishes for your every success in marketing this very, very important work.

Gratefully,
Phil
