New York, NY -- In time for summer BBQ season, **Little Acre Gourmet Foods'** line of specialty condiments is now available to customers nationwide at <http://littleacregourmet.com/collections>. Little Acre's distinctive, all-natural, gluten-free condiments, including **Balsamic & Fig Whole Seed Mustard, Sweet & Savory Onions, Bourbon & Berry Cranberry Sauce, Three Pepper Ketchup** and more, are available online and can be shipped in time for the 4th of July and Labor Day BBQ holidays.

Produced in small batches in Meredith, New Hampshire, every Little Acre product is handcrafted by the husband and wife team of Trina and Bill Ahrens. The pair uses ingredients that are natural and gluten-free to make their flavor combinations. There are no artificial colors or flavors and all Little Acre condiments are vegetarian-friendly.

Little Acre products also come in handsome [gift boxes](#), ideal as a gift for foodies and BBQ lovers.

The [Original Whole Seed Mustard](#) is a texture and flavor bomb with its natural, nutty pop of the mustard seeds. Use it on corned beef, pork, charcuterie, sausages, burgers, hot dogs, and sandwiches. Great in salad dressings, deviled eggs, or recipes that call for whole grain mustard.

The [Balsamic & Fig Whole Seed Mustard](#) balances tangy, aged balsamic vinegar and sweet figs with a hint of garlic. Use it as a glaze on salmon and swordfish, and spread it on crackers and cheese to take your hors d'oeuvres to the next level. Both mustards are available for \$6 per 4.2oz jar.

The [Three Pepper Ketchup](#) transforms a classic condiment into a fresh addition to the kitchen pantry – it's a marriage of ketchup, cocktail sauce, and salsa made with three types of peppers and red, ripe tomatoes. The ketchup comes in three spice levels – Original, Spicy, and More Spicy. All three flavors are available for \$8 per 9oz jar.

Each jar of [Sweet & Savory Onions](#) is made with fresh onions, red bell pepper, and tomatoes. Try it on a turkey sandwich, or with any beef or veggie burger next time you fire up the grill. The onion condiment is available for \$7 per 7oz jar.

[Little Acre's Bourbon & Berry Cranberry Sauce](#) pairs smooth Southern bourbon and tart cranberries to create a deep, bold flavor. Especially delicious with roast turkey or as a glaze on grilled chicken. The sauce can also be used as a jam or preserve. It's also at home on a bagel with cream cheese. It's a must for the Thanksgiving dinner table and as a leftover-turkey revitalizer. Available for \$7 per 7.5oz jar.
