

The RESUMÉ of CHRIS BAKER

WORK EXPERIENCE

Freelance 2011 to Present

Working to create visual solutions where I can best contribute. Growing with my clients to find the best solution possible in a professional, and punctual manor. Projects worked on have included everything from illustration and creative branding to front-end web development.

Taylor University Adjunct Professor 2013 - 14

Wrote curriculum designed to introduce the Adobe suite to design students focused on instilling professional practices that will be applicable in a variety of visual arts careers.

T.S.O. Lead Designer 2012 - 13

Led a team of three designers to make a wide range of advertising and marketing campaigns for various organizations at Taylor University. We worked within a budget to create the correct appeal for the correct people.

Cotton Bureau Intern Summer 12'

Worked as Cotton Bureau's 2012 summer intern. Learned business by working within a small creative agency. Designed smart websites and a variety of T-shirts to eventually be sent all around the world.

Taylor University Art Dept. Room Monitor 2011 - 13'

Maintained a network of design work stations comprised of Apple computers, EPSON Printers and screen printing tools.
