Dear Mom

We just found out today that our mail went out for the first time today so that is the reason you have not gotten any mail from me. You should, however, receive two letters before this one.

It is one o'clock Friday afternoon now, ~~and~~ it has been raining here since early Thursday evening.

We took our G. C. Y. test and half a dozen others yesterday (Yhus). I think I did over/

as well as anyone. It took us
all day and I got a terrible
headache what with a bad
headcold on my way. I am much
better today however.

I have a watch to stand to -
night from : 02400 until . 0200
in other words. 12:00 til 2:00,
You know me, the luckiest
guy in the world. ha! ha!

Well, its 2:05 now we just
stencilled our names on, bunched
sea bags, blankets etc.

Tell Ralph and Honey hello and
tell them I will write to them
soon.

The C. P. O. just walked in
so I must close now (over)

Love,
Jim

P.S. Tell any one you see I
know hello for me. Tell them
to write J. A.
