

# HOT BREAKFAST!

DELAWARE'S PREMIER ACOUSTIC DORK-ROCK POWER DUO

## Stage Setup / Technical Specs for Venues with Sound Systems

Contact us: 302-345-0819 or awesomesauce@hot-breakfast.com

**Thanks for hiring Hot Breakfast!** We're an acoustic duo featuring **Matt Casarino** on acoustic guitar and vocals, and **Jill Knapp** on lead vocals and occasional hand-percussion (tambourine, etc) and wind instruments (which require no amplification whatsoever).

Our setup is very simple: Two vocal mics on boom stands, and a DI.

Most of the time, Jill sings lead with Matt singing backup vocals. The band prefers regular ol' Shure SM-58 microphones, and we are happy to bring our own mics if arranged ahead of time; otherwise we'll assume you're providing mics. Both musicians prefer boom stands for the mics. (If only one boom stand is available, it should go to Matt.)

Matt plays a Martin acoustic guitar with a powered pickup. He requires **one direct input box (DI)** for his guitar/pedals.

We've played stages as small as 6'w x 4'd and as large as 56'w x 34'd, so we're very adaptable.

### WHAT WE WILL BRING:

- Our instruments and stuff (duh)
- Guitar cable
- Our own tripod for our sign which has our contact info and visuals
- A music stand & guitar stand
- Our disturbingly attractive bodies

### WHAT YOU PROVIDE:

- One DI box
- Two vocal microphones (unless you've arranged for us to bring our own)
- Two mic stands – preferably **boom stands**.
- All other cables, speakers, boards, monitors
- A table for our merch (CDs, mailing list, shirts, etc.)
- A stool (*Please let us know if one is not available so we can bring our own!*)

**Thank you!**
