

Employer Scrutiny and Screening for Current and New Employees and Providers

Wednesday, March 1, 2017 12:00 – 1:00 pm CST

Description: The Office of Inspector General (OIG) has released guidance regarding how home health, hospices, personal care agencies (and other health care providers participating in Medicare and / or Medicaid) **must** handle mandatory exclusion screening procedures. This guidance has dramatically transformed exclusion screening from a simple, annual check to a thorough monthly screening obligation that includes mandatory checks of all employees, contractors, and vendors. Last year, OIG screening audits greatly intensified. In this webinar, attorneys **Paul Weidenfeld** and **Robert W. Liles** will discuss the importance of exclusion screening, how to screen and which exact databases must be screened – according to both federal and state regulations, how often and which employees providers must screen, and how providers must document their exclusion screening efforts in order to comply with the law. This webinar is scheduled for 60 minutes with a Q and A session to follow.

Faculty:

Paul Weidenfeld, JD and Robert W. Liles, JD | Liles Parker Attorneys & Counselors at Law

Continuing Education

Each webinar qualifies for 1.0 clock hour Administrator/Alternate

HCSSA Administrators/Alternates: Meets continuing education requirements for Administrators and alternates under HCSSA licensing regulations.
