AREA DIRECTORS REPORT: Jim Karras reported that there will be another Area 1 recruiting event on September 10th at the Long Beach Swap Meet. Members are encouraged to attend. Also, there will be an Area 1 tour to the Torrance Airport Museum sometime in November and a tour to the Nixon Library sometime in February.

OLD BUSINESS:

Jim Karras reported on the recruiting business cards. He brought a proof of the cards and the cost is \$48 plus tax for 1000. The proof was distributed for the membership to review. Judy Howard made a motion to accept the proof as presented and to move forward with the order. Tom Clark seconded. Motion was approved. Jim will confirm with the printer and get the order finished.

There was an open call for a raffle chairman for the annual car show in October. There were still no volunteers. It was decided that the raffle would be scrapped but we would still have a 50/50 drawing on show day and if Enderle Center donated a basket that would either be included in the 50/50 drawing or possibly a silent auction for that item.

NEW BUSINESS:

Rebecca Cerezo reported that Enderle Center has requested our help again this year to park vehicles on the day of their car show on August 20th. Gary Howard indicated that he will be there and if anyone is interested in helping out please contact him.

It was mentioned that there is interest in participating in the can tab drive for the All Cal 2018. The hosting Region would like to collect soda can pull tabs to donate the proceeds to their local Ronald McDonald house. So save your tabs and Judy Howard has volunteered to collect, store and bring to the All Cal meet in May 2018.

Rebecca Nunes reported that she was contacted by the event planners for the Disneyland Half Marathon. They are calling for cars to participate but they are no longer giving any tickets to the park as compensation. They have said that they will instead work with clubs to coordinate attendance and will pay each club \$40 per vehicle. The discussion among the group leaned toward no longer attending. A motion by Jim Karras was made to forgo the event and not have the club participate. Allen Morris seconded and the motion passed.

Rebecca Nunes had a run-down of e-mails she had received throughout the past month. There is a 1925 Chevy for sale. Someone is looking for pre-1944 vehicles for a video shoot and an assisted living facility in Irvine is looking for old cars for a themed event on August 14th from 1-5pm. For more information on any of those emails contact Rebecca.

COMMITTEE CHAIR REPORTS

TOUR DIRECTOR: Mark Flegler was not in attendance but Rebecca reminded everyone of the tour on August 19th to the bluegrass festival at the Historic Antique Engine & Gas Museum in Vista. A flyer was sent out and for more info contact Mark.
