

IRS

*Monday kills, Tuesday,
Starts as always,
So my week has begun,
Some one stop me
Parachute's Failing
I'm fed up!*

*Tossing and Turning,
My life is on hold.
I wait but,
The line has gone cold,*

*Come on and,
Face me, Take me,
Now that it's your turn to play,
And you will...
You befriend me, bend me,
Over and over again. And again*

*Breaking news,
Can feel my head exploding,
Who will clean up the mess?
Start the car,
Could just run you over,
I'm fed up!*

*Running in circles,
My Life is on Hold.
I wait but,
The line is still cold,*

*Come on and,
Face me, Take me,
Now that it's your turn to play,
And you will...
You befriend me, bend me,
Over and over again. And again*

*Please, Give me a break,
What can I do?
Yes, I think I should,
Terminate, You, You, You, You,*

*Why don't you,
Face me, Take me,
Now that it's your turn to play,
And you will...
You befriend me, bend me,
Over and over again. And again*

*Come on and face me and take me,
bada bdaum badada,
Over and over again,
Badada, badada, bada!*
