

Map Skills

This map shows air pollution in Massachusetts. Air pollution concentrates over populated areas because human activity is its primary cause.

Use the map above to answer the questions below.

- Using a Key** What air pollution level is found over most of the state of Massachusetts?

- Finding Locations** Which selected city has the lowest level of air pollution?

- Inferring Relationships** Generally, where are the highest levels of air pollution located?

- Making Conclusions** Explain the relationship between air pollution and human population.

- Making a Hypothesis** What do you think the air pollution level is over your region?
