

Hello everybody,

This is Willgoo. We are now announcing this press release to look forward some one in Russia to be our business partner.

As you can see, willgoo.com are the on line shop focusing on Android retro handhelds and its accessories. We are always the number One to release the latest products. At the same time, we act not only as a on line seller but professional gamer. Thus, we had combined some interesting video game accessories with the current handhelds. This makes us different from other video game shops.

As our business grows so fast this year, we need to find one partner who are responsible for Russia and Russian speaking Countries. Every body can cooperate with us. No matter you have your real physical shop or on line shop or even not shops, you can cooperate with us if you can sell our products. We can supply you our latest products in a wholesale price. There is no minimum quantity. You can buy any amount as you want. You can promote the devices with whatever way you want.

We are very sure that there are still many people in Russia who like [Yinlips YDPG18A](#), [JXD S5110](#) and other retro handhelds. Not all of them can buy from China. But they can buy from you! Just imagine how big the market you got now. The only way for you is to get one trusted supplier - Willgoo is your best choice.

Any body who are interesting to cooperate with us can write email to us. Our email address is: sales@willgoo.com. At the same time, we are warmly welcome you any suggestion for our cooperation.
