

# **HALLOWEEN FUN!!**

The air is cool, the season fall  
Soon Halloween will come to all

The spooks are after things you do  
In fact, a spook brought this to you

On your front door is where it works  
It wards off spooks and scary jerks

The power comes where friends like you  
will copy this and make it TWO

Then others here among our friends  
will give cool spooks that will not end

We'll all have smiles upon our face  
No one will know who "Boo'd" whose place

Just one short day to work your spell  
or a big ZAP will strike your tail!

And don't forget a nifty treat,  
like something cute or something sweet

Please join the fun, let's really hear it  
And spread some "Boo's" and Halloween spirit!

A nearby friend has put this here,  
So cat up have no fear!

## **Instructions:**

1. Enjoy your treat.
2. Place your Boo on your front door.
3. Now you have 24 hours to copy this twice, make 2 treats, copy 2 Boos and secretly deliver them to 2 neighbours who do not have a Boo on their front door.
4. The watch how far this spreads by Halloween!
