

# CENTRAL ILLINOIS MASONRY DAY

International  
Masonry  
Institute

## WHO

This program is for architects, designers, engineers, developers, and building owners.

## WHEN

September 22, 2010

## WHERE

BAC Local 6 Training Center  
4005 W. Jackson  
Morton, Illinois 61550

## SCHEDULE

11:00 – 12:00 Quality Control for Masonry  
12:00 – 12:30 Lunch  
12:30 – 1:30 Hands-on Bricklaying

## CONTINUING EDUCATION

This program meets the AIA/CES criteria for continuing education. AIA members attending this program will receive 2 H/S/W learning units, which will be reported directly to the AIA.

## PROGRAM

This program analyzes a masonry wall from the vantage point of quality control in both design and construction. It covers ASTM standards, brick and block selection, and mortar. It also looks at acceptable tolerances in materials and workmanship, as outlined in the Building Code Requirements for Masonry Structures. It will include a basic discussion of moisture control and movement control, structural masonry considerations, and best practices for successful masonry construction. Following the seminar, participants will have the opportunity to lay brick under the supervision of journeyman bricklayers and IMI bricklayer instructors. Please dress comfortably for the hands-on portion; closed-toe shoes are required.

## COST

There is no fee to participate. Registration is required.

To register, e-mail this info to [sconwell@imiweb.org](mailto:sconwell@imiweb.org), or complete and return this form to IMI

Name / Title: \_\_\_\_\_

Company/Organization: \_\_\_\_\_

Address: \_\_\_\_\_
