Hello friend,

Thank you for beginning the process of applying to become a Habitat for Humanity homeowner. Habitat for Humanity is an ecumenical, Christian organization striving to eliminate substandard housing in our community and throughout the world. We can achieve this by working with volunteers, corporations, and other charitable groups to build or renovate houses side-by-side with our partner families. There are three criteria to become a Habitat homeowner:

1. Need for adequate housing, whether that is due to unsafe or unhealthy conditions, overcrowding, or unreasonable high rent.
2. Ability to repay the zero-interest mortgage, which means there must be a steady monthly income whether that be from working or long-term social assistance.
3. Willingness to partner with the Habitat program, which is expressed through providing 500-hours of "sweat equity" working on Habitat build projects and other approved charitable work in the community.

You'll find enclosed with this letter a copy of the Habitat partner family application, a brochure providing information about Habitat for Humanity. Please complete the application and return via mail, fax, or email per the contact information listed. We look forward to receiving your application and will contact you soon after.

Sincerely,

---
