SCORING GRID:

For each set of two questions, add up both the answers. Each gift is assigned two questions throughout the inventory, place your answer to the first question in the first square, your answer to the second question in the second square, and the total of those two questions in the third square. For example, the gift of Administration is represented by questions 1 and 21, add the answers to these two questions and that is your total score for that gift. Continue this process through all of the questions. The gifts with the highest total are your highest spiritual gifts.

This inventory is designed to begin your journey toward spiritual gifts discovery. Keep in mind that it is not a scientific instrument. Your perceptions will be validated by others and confirmed through prayer and by their use over time.
