

Corsham Neighbourhood Plan Steering Group Update – December 2016

The scoping report for the Strategic Environmental Assessment has been sent to the statutory consultees – Environment Agency; Historic England and Natural England. We expect to receive any comments in early January 2017.

At the last few Steering Group Meetings we have been focussing introductions for each of the topics; have welcomed new members to the Steering Group; looked at the draft report structure and received training on policy writing.

The notes from all of the meetings are available on our website - <http://www.corshamneighbourhoodplan.co.uk/minutes.php>

If you have any queries or wish to get more involved, please contact me on 01249 702130 (Wednesday to Friday) or email kgilby@corsham.gov.uk

Kirsty Gilby
Administration Officer (Planning)
