

## Corsham Neighbourhood Plan Steering Group Update – July 2016

We have been awarded grant funding of nearly eight thousand pounds from Locality which will be spent on site appraisal work, help with policy and plan drafting and editing. We have also been awarded a Technical Support Package on Housing Advice and Assessment which will commence soon.

At the last two Steering Group Meetings we have been focussing on particular topics to try and move from the early visions (taking into account comments we have received) through to objectives and possible policy areas.

So far we have concentrated on Education (which after some discussion we have re-named Lifelong Learning as it feels more all-encompassing) and Business and Economy. The notes from both sessions are available on our website - <http://www.corshamneighbourhoodplan.co.uk/minutes.php>

At the next Steering Group Meeting on 21 July we will be having another workshop which will focus on the topic of Health and Wellbeing.

If you have any queries or wish to get more involved, please contact me on 01249 702130 (Wednesday to Friday) or email [kgilby@corsham.gov.uk](mailto:kgilby@corsham.gov.uk)
