

Corsham Neighbourhood Plan Steering Group Update – September 2016

We have been awarded a Technical Support Package for the Strategic Environmental Assessment which will be starting shortly.

At the last few Steering Group Meetings we have been focussing on particular topics to try and move from the early visions (taking into account comments we have received) through to objectives and possible policy areas.

So far we have tackled on Lifelong Learning, Business and Economy, Health and Wellbeing, Housing, Transport and Environment. The notes from these sessions are available on our website - <http://www.corshamneighbourhoodplan.co.uk/minutes.php>

If you have any queries or wish to get more involved, please contact me on 01249 702130 (Wednesday to Friday) or email kgilby@corsham.gov.uk

Kirsty Gilby
Administration Officer (Planning)
