## THE PRESIDENT'S COLUMN

### 1962 Dues

Your dues are now due. Please do what you should do and do it now.

### February Meeting

The February dinner meeting will be Charter Member Night. If you know any charter members who are not now members, tell them we want to see them at our February meeting. The place will be announced in the February Jagazette.

### Attention Former Members

We hear that some of you would like to attend our meetings but are a bit reluctant to do so unless someone invites you as a guest. This is an invitation to attend as a "Paying Guest" of the President at any time you are unable to come as a member's guest.

### Help

We need committee members for Activities, Membership, etc.. If you are interested and would like to help, don't wait to be asked. Tell us..

### Business

Business at meetings will be kept to a minimum. The constitution says one half hour. We don't want to muzzle any one, but let's get to the point so we can have fun.

## THE JAGUAR MARK X

If you have not seen the specs on the new Mark X, you should by all means try to obtain the October 13, 1961 issue of Autocar. The six page article gives minute details on the new model as well as many illustrations. We are looking forward to seeing this car in the bay area.

## WINGS OR NUTS

The JAG emblem is normally enclosed in a knock-on hub. Autocar of 15 Sept. indicated the projecting ears have been the cause of a number of serious injuries

New British cars exported to Germany must now have plain hub nuts while American sports car customers insist on knock-on nuts as they do loud exhausts.

Autocar of Sept. 22nd had an answering article entitled "Wings or Nuts" which stated "as far back as I am able to remember, the sight of wire wheels with traditional knock-on hubs has held a special fascination for me ...of bygone days when nearly all racing cars had them.
