"Now then we are ambassadors for Christ..." -II Corinthians 5:20a

January 2016 Update

Dear Co-labourers,

It was a blessing to be able to spend a few months back home in Winkler in preparation for the birth of Caitlyn as well as getting a chance to spend some time with family again before heading out on the road again. However, it is also a blessing to be able to be back on the road again with the opportunity to encourage other brothers and sisters in Christ in the area of missions! We have had a meeting in Idaho as well as in Montana this past week and we have another 5 meetings in Idaho as well as one in Alberta and Manitoba this coming month.

Praises

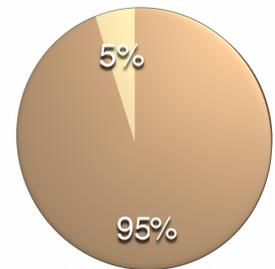

A Blessing in Disguise: Two days before we planned to leave Manitoba for a month of meetings in the West, I took an evening to wash the van and get it cleaned inside and out for our trip. Since it was very cold, I took the van from the carwash straight to a heated shop to let it dry off while I cleaned the inside. After I was done, I started the van and began backing out of the heated shop. I was shocked to see a large pool of engine fluid on the shop floor. My first thought was that it was transmission fluid. However, after consulting with a friend of mine that is also a Honda mechanic, it was determined to be a power steering fluid leak. He found the hose that was leaking and another mechanic friend fixed it free of charge the next day! Praise the Lord that the hose burst while we were still home, instead of while we were driving on the highway to a meeting.

Container Secured: After getting several quotes on a shipping container, we were able to get a good deal on one and have that step completed!

Prayer

- Safe travel and that we would be a blessing to those we meet
- Wisdom for packing the container and purchasing needed supplies
- That the visa application process would go smoothly
- Wisdom in purchasing a vehicle to ship to Liberia

- Support Promised
- Support Needed

Support: Wow! Something that seemed like it would never come is now just around the corner. We had 3 churches this past month commit to partnering with us financially. This increased our support percentage by 8% which brings us to 95% of our needed support.

Note: Liberia uses the United States dollar. With the fact that the Canadian dollar has devalued quite a bit since we started deputation, and the majority of our support is in Canadian funds, it is important that we raise at least the full 100% to help ensure we will be able to stay on the field once we get there.
