Presented by Wally Schmitt, DC, DIBAK, DABCN

CE credits have been applied for

October 7-8, 2017
Charlotte, NC

Digestive Mastery

Objectives

- Understand the interrelationship between neurological and biochemical factors in patients' digestive problems
- Identify the clinical utility of nutrients and digestive support substances by observing the results of various physical tests (pain, range of motion) in response to nutritional interventions
- Identify the difference between the systemic autonomic nervous system and the enteric nervous system as causes of digestive dysfunctions
- Apply hands-on techniques to address digestive issues

Seminar Topics

- The Neurological Basis for Chiropractic and Nutrition
- Digestive System & Applied Kinesiology Related Muscles
- Ileocecal Valve Syndromes
- Hiatal Hernia / Gastroesophageal Reflux Disease (GERD) and the Diaphragm
- Small Intestine Support
- Adverse Effects of NSAIDs on the Digestive System
- Food Allergic Reactions and the Small Intestine
- Small Intestine and Psychological Reversal
- Laboratory assessments for gut toxicity, fungal problems, and other dysbioses
- Stomach and Hydrochloric Acid
- Small Intestine Bacterial Overgrowth (SIBO)
- Leaky Gut
- Natural Antimicrobials for Imbalanced Microbiome (Dysbiosis)
- TH17 & Gut Immune Response
- Probiotics & Prebiotics
- Enterotypes and Dietary Macronutrient Balance
- Cholesterol Metabolism
- Enteric Nervous System Reactions to Dietary Fats, Carbohydrates, and Proteins
- Diarrhea
- GI Tract Supporting Supplements
- Concluding Remarks

Dr. Schmitt is a chiropractic physician practicing in Chapel Hill, North Carolina. He is a graduate of Duke University and the National College of Chiropractic. He was the first doctor to hold Diplomate status in both Applied Kinesiology and Neurology. He spent 30 years of his practice career developing the Quintessential Applications Clinical Protocol and is coauthor with Dr. Kerry McCord, of the Quintessential Applications book. He has also written three other books including Stop Your Pain Now!
