OUR STORY

What started out as one couple's dream to grow and sell grapes has turned into an inter-generational family business. Four Winds Vineyard now grows grapes, makes wine and has a cellar door on site, so that you can come and sit amongst the vines and enjoy our wines with our delicious wood-fired pizzas.

We understand that great wines are made in the vineyard, so a lot of our energy goes into growing the best grapes. Each year we hand-prune each of our 29,000 vines to ensure each plant has the best start to the season. To allow air and light into the canopy we leaf pluck and shoot-thin through the growing season. Come harvest time we handpick the grapes so that they arrive at the winery in the best condition. We love making wine, and want to ensure we are making the best wines possible for you.

The cellar door is open 10am-5pm weekends and most public holidays.

The 'Four Winds' Story

The property's name 'Four Winds' has a long history which began with a miner and his wife living on the property in a slab-hut. Her name was Scheherazade, after the story teller in The Arabian Nights. One of the stories from The One Thousand and One Nights describes a magic carpet being borne by the four winds of good fortune. She named this small farm in Murrumbateman 'Four Winds' in the hope it would carry their good fortunes. We hope that the four winds carry your good fortunes!
