

Vision Series Week 2 Study Questions

How would most people define eternal life?

Read John 17:3

According to Jesus, what is eternal life? Why is this such a significantly different view from the norm?

Read Luke 10:38-42

What are your immediate observations about the text? What seems to be the main point of this story? Does it remind you of any other passages of Scripture?

In verse 40, it says Martha was distracted. She valued something else over sitting at the feet of Jesus. What are two or three things that most often distract you from Jesus?

Jesus did not rebuke Martha for serving, but He did say she missed out on the one necessary thing. What is the one necessary thing we must do as Christ followers? What precedes everything else?

How would you describe your worship/time in Scripture/prayer life? Stale? Joyful? Mere formality? Abundant?

Do you find it easy to become satisfied with mere religious activity? What are Scriptures you can point to that help us fight that temptation?

While books, blogs, and popular teachers can be helpful tools in our spiritual growth, why must we avoid letting them become our primary sources?

What do verses 40 and 41 reveal about Martha's heart? When we find ourselves suffering from a similar attitude, what are several practical ways we can begin to get our hearts back on track?

What are other warning signs in your life that you haven't been spending time at the feet of Jesus?

Scripture says we can...delight in God (Psalm 37:4), know the goodness of the Lord (Psalm 34:8), rejoice in the Lord (Philippians 4:4), draw near to Him (Hebrews 10:22), know peace and find hope in Him (Romans 15:13), and find strength in Him (Psalm 28:7).

Those are but a taste of the relationship that Scripture testifies you can have with God. Draw near to Him this week (James 4:8) and ask God to awaken your heart, your spirit, and your senses to the treasure that is Knowing Him.
