

Glaze Identifier

Gloss White M-200 (Solid)

This glaze has been treated with No stain to enhance its appearance.

MINIMAL VARIATION: This glaze has subtle variation in tone and texture. Variation is inherent to the handmade process and is intentional.

Due to the variations of desktop display monitors, the colors you see on your screen will not be a totally accurate reproduction of the actual product. Screen images are intended as a guide only and should not be used to order. It is important to have a tile sample when making final glaze selections. Also, no single tile can properly display the entire range of a glaze.

Crystal M-493 (Gloss Crackle)

This glaze has been treated with No stain to enhance its appearance.

MODERATE VARIATION: This glaze has moderate variation in tone and texture. Variation is inherent to the handmade process and is intentional.
