## AUTUMN SEASONAL

### Electrolyte Serum - Gose with Rhubarb

Electrolyte Serum is our new release for Autumn 2017.

In 2010 Doctor's Orders commercially re-birthed the Gose beer style in Australia. Over the years we've produced numerous incarnations of which this version has been the most exclusive and highly acclaimed. Based on the traditional Gose style with modern botanicals and a vegetable twist you will enjoy this refreshing tart German wheat beer with coriander, salt and rhubarb.
