

County of Primary Allegiance

When a member joins the EBU he or she has the right to nominate which County they wish to owe their Primary Allegiance to. Primary Allegiance is only relevant when a player wishes to play in one of the following:

- The Inter-County League
- The County Pairs Championship (ie the event which serves as qualification to the EBU Corwen)
- The County Teams Championship (ie the event which serves as qualification to the EBU Pachabo)
- The Tollemache

A player may switch his or her County of Primary Allegiance once during the season providing they have not played in any of the above during the current season.

Any player may become an Associate/Dual Member of as many Counties as they wish. In order to play in most County events a player must be at least an Associate/Dual Member of that County. Counties may charge an annual fee which they collect directly, and may have regulations in place governing Associate/Dual membership.
