Visual Designer I

- Level **Visual Designer I**
- Professional Experience **None necessary**
- Education **Bachelor in Visual Arts, Design, Architecture or similar**
- Portfolio **Required.** Demonstrate visual design capabilities. Focus on user interface, web design, mobile design. We are looking for beautiful samples!
- Tools **Advanced Photoshop and Illustrator**
- Language **Spanish/English**

Toledo Design is looking for a talented **Visual Designer I** contractor to join our worldwide team in the production of visual assets for user interfaces for phone, tablet, desktop and TV applications.

You will be able to participate in impactful and highly visible projects for markets in the United States, Canada, Western Europe and Scandinavia, develop your portfolio and rank up your resume!

No formal professional experience is needed but a solid academic portfolio is required. We will provide permanent and dedicated mentoring and design education as well as opportunities to get exposure to Senior designers from companies like Microsoft, Google, Amazon, Facebook and Twitter as well as a breadth of creative directors and professional designers in design agencies and leading tech companies. We will help you ramp up your experience and design skills to a professional level.

This role is available as an independent contractor working remotely with meetings in-person 2-4 times a month and permanent collaboration via Skype. If the candidate lives away from central location (Seattle or Mexico City) then meetings in-person are not necessary.

The candidate should have outstanding Adobe Photoshop and Illustrator expertise. We are looking for speed, speed, speed and strong sense of quality! – *"One Pixel Matters!"*

As a **Visual Designer I** you will work along with Senior Experience Architects and User Interface Designers based in Seattle and Mexico City to craft beautiful and functional applications for different platforms. No coding or programming knowledge is necessary. Daily activities include sketching, wireframing, producing high fidelity comps using Adobe Photoshop or Illustrator. It also includes producing and formatting content like photography and illustrations and in some cases doing some copy editing for visual comps.

Please submit your portfolio and resume to **careers@toledo2.com**. After reviewing your submission we will respond via email, and if appropriate schedule a Skype call interview and then a meeting in person (if located in the Seattle or Mexico City areas).

About Toledo Design

Toledo Design is a boutique design shop with presence in the United States and Mexico and attending clients in the United States, Canada, Western Europe and Scandinavia. His co-founder, Arturo Toledo is a former Microsoft Design Evangelist, Product Manager and UX Designer for the Windows Phone team in Redmond. Toledo Design does design for global audiences and is a leading design-thought-leader in the user interaction field.
